2. Articles of loan clothing, both W.R.N.S. pattern and the ordinary Service pattern, within the scale authorised, should be supplied and accounted for by the Accountant Officer of the depot or base as in the case of loan clothing for other approved Services. Personal loan issues should be accounted for in the manner indicated in A.F.O. 329/43.

Supply Arrangements

1. All demands for W.R.N.S. uniform are to be forwarded in duplicate by Accountant Officers to the Director, W.R.N.S., Admiralty, London, who will inform the officer demanding of the source from which supply will be made.

2. Supplies are normally to be demanded monthly and on the basis of completing existing stocks to two months' requirements if storage is available. The date to which the demand will complete is to be stated on it.

3. Badges are to be demanded by pattern numbers and on a separate demand note.

4. Demands are dealt with in chronological order; priority is only given where the result of enemy action makes it essential. In these cases the demand note should indicate that the clothing is required to replace such losses.

5. Any items not available for supply when the demand is dealt with will be supplied without further demand if they become available within one month after the date shown on the store issue note. Thereafter they will not be considered as outstanding and should be re-demanded if still required.

W.R.N.S. ratings who on entry cannot be fitted with shoes may, if they provide their own shoes, be credited with the value of two pairs of W.R.N.S. shoes at the current issuing price, instead of receiving a free issue. Shoes must conform to the sealed pattern and no deviations will be permitted.

16. Special size shirt blouses and collars may be purchased locally if requirements cannot be met from the sizes stocked (12 in. to 15½ in., rising by half sizes) or by the supply of soft white shirts and collars as provided for issue to men in Class I and Class III uniform.
