

STAY ONBOARD

PEOPLE FIRST

Setting the foundation for sustained growth

FACT SHEET

Wellbeing and Lifestyle

Proactive Navy People Wellbeing Program

The Navy People Wellbeing Program (NPWP) team has been established to coordinate existing support services and develop a sustainable infrastructure to ensure easy and direct access to both services and information through a holistic framework for Navy veterans, their families, and their Command.

Status: Implemented

Lead: Deputy Chief of Navy

TARGETING

All Veterans, their families, and their Chains of Command

WHEN

Launched 2021

YOU GET

Empowerment to manage your own wellbeing and the tools that will support you to stay healthy.

Benefits

The NPWP objective is to develop a process with three distinct outcomes:

- To support and encourage healthy living to remain employable and deployable (Stay Onboard – People First)
- Develop the ability of Navy people to work towards recovery and return to the workplace to continue to contribute to capability
- Enhance support for our people transitioning between SERCATs or out of Navy, with dignity and respect (in collaboration with the Joint Transition Authority)

More Information

The NPWP website contains extensive member options at:
