In 2022 our Navy is ready to conduct sustained combat operations as part of the Joint Force.

This is a significant undertaking when you define each element of the statement.

We are integrated with our Allies and like-minded partners.

We are able to train our people, our ships, our platforms to fight as one team.

We understand and are committed to, our nation, our mission, and each other.

We reflect the best of Australian society knowing that the quality of our thinking and our agility in decision-making will make Australia proud.

We are a contributor to our future success.

We serve Australia with pride and passion, guided by our values.

Plan PELORUS

Navy Strategy 2022
IN 2018 WE WERE ROUTINELY DEPLOYING TASK GROUPS

The Fleet Commander is responsible for providing the right forces at the right time, capable of fighting and winning at sea, and is supported by the Chief of the Fleet Operations to employ our forces to their potential.

We will continue to lead governed decision-making by fostering a wide base of trust, groups and forces, and a widening and equitable mandate Commanded and Coordinated throughout. Proven through the past, we set ourselves to introduce an even more capable, quickly expandable and encompassing these capabilities into the joint force. Eventually, holding capability will be woven through a number of multi-scale capabilities to ensure an equally capable backbone in our region.

This will be an increasing focus on speed and continuity in the near region to shape and understand our operating environment, support our national purposes, and ensure our national influence and access. This will be achieved through integrated operations with forces and engaging measured activities with allies and international partners in our region.

OUTCOME ONE
PROVIDE MARITIME FORCES CAPACITIES FOR OPERATING IN AN ALTERNATIVE STRATEGIC ENVIRONMENT

We will continue to lead governed decision-making by fostering a wide base of trust, groups and forces, and a widening and equitable mandate Commanded and Coordinated throughout.

PROVIDE MARITIME FORCES CAPACITIES FOR OPERATING IN AN ALTERNATIVE STRATEGIC ENVIRONMENT

This will be an increasing focus on speed and continuity in the near region to shape and understand our operating environment, support our national purposes, and ensure our national influence and access. This will be achieved through integrated operations with forces and engaging measured activities with allies and international partners in our region.

OUTCOME TWO
PLAN AND DELIVER FUTURE MARITIME SYSTEMS

Head of Navy Engineering is responsible for ensuring that Navy’s capability event is met, reviewing and assessing changes in threats and technology and achieves the joint strategic and operational goals.

The Capability Life Cycle will enable the delivery of outcome-driven, clear goals with the joint force and create clear signals in technology. Our approach will assist us to deliver a comprehensive plan to achieve the outcomes effectively with capability, focus and efficiency.

We will continue to deliver and support to our future capability. The Fleet Commander will ensure that our staff are engaged and working with a forward-leaning mindset.

OUTCOME THREE
ASSURE THE SAFETY, SECURITY AND ARMOUREDNESS OF OUR SYSTEMS

Head of Safety is responsible for ensuring that our staff are engaged and working with a forward-leaning mindset.

We will continue to deliver and support to our future capability. The Fleet Commander will ensure that our staff are engaged and working with a forward-leaning mindset.

OUTCOME FOUR
EFFECTIVELY LEAD AND MANAGE OUR CULTURE

Deputy Chief of Navy is responsible for ensuring that our staff are engaged and working with a forward-leaning mindset.

We will continue to deliver and support to our future capability. The Fleet Commander will ensure that our staff are engaged and working with a forward-leaning mindset.

OUTCOME FIVE
PROVIDE THE REQUIRED CREDIBILITY TO ACHIEVE NAVY OUTCOMES

Head of Navy Corporate is responsible for ensuring that our staff are engaged and working with a forward-leaning mindset.

We will continue to deliver and support to our future capability. The Fleet Commander will ensure that our staff are engaged and working with a forward-leaning mindset.

In 2018 we were routinely deploying task groups. A key focus will be on building robust networks across One Defence to ensure that enablers are providing the service that we need to achieve our outcomes. We will continue and the integrated effect necessary, with an aim to continuously deliver and sustain an agile and lethal naval capability.

Outcomes and milestones for 2020 and 2021:

**2020**
- Hunter class transition plan agreed
- Hunter Class prototyping commenced
- Workforce Growth Strategic plan developed
- Flexible training throughput to support larger Navy
- Integrated operations and activities across our region
- Continue Warfighting capability development
- Pacific large hull Vessel in service
- Decommission HMA Ships Leeuwin and Melville
- Arafura Class Initial Operational Capability
- Supply Class Final Operational Capability
- SEAPOWER 21 Conference
- Plan Mercator released
- Hunter class transition plan agreed
- Hunter Class prototyping commenced
- Workforce Growth Strategic plan developed
- Flexible training throughput to support larger Navy
- Integrated operations and activities across our region
